Fall Walk I Spy

Adult guide & answers

Print page 1 at Actual size / 100%, using the paper size named in this file. You can keep this answer page on screen.

Count one kind of picture at a time in the large game area. Write the number in the box beside the matching sample. Do not count the samples below the game area.

An adult can read the instruction and help write the numbers. Keep the answers hidden until the child has finished.

30 pictures in the game area.

After the game

Compare. Are there more mushrooms or squirrels? Which kinds of pictures have the same number?

Talk about a walk. Which of these things have you seen outdoors? What would you take on a rainy day?

Make up a story. Ask your child to choose two pictures and tell a short story that includes both.
