

Fall Walk Bingo

How to play

Print pages 2–3 for the color set or pages 4–5 for the low-ink set. Use Actual size / 100% and the paper size named in this file.

This set contains one 3-by-3 card for a child to play with an adult. All printed copies repeat the same layout.

An adult cuts out the calling cards along the dotted lines and shuffles them. Before starting, choose one row or one column on the game card.

The adult draws and calls one picture at a time, keeping called cards in a separate pile. The child marks each matching picture. When every picture in the chosen row or column is marked, check the line together against the cards already called.

All nine cells contain pictures; the centre cell follows the same rule. Use a pencil to mark the pictures.

Fall Walk Bingo

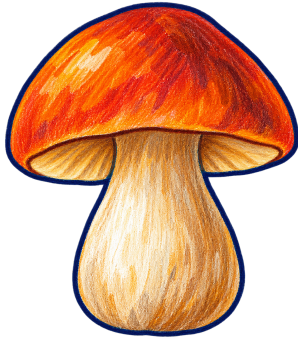

Mark the pictures as they are called.

Complete your chosen row or column, then call "Bingo!"

Cut-out calling cards

An adult cuts along the dotted lines, shuffles the cards and calls one picture at a time.

mushroom

pine cone

apple

rain boot

owl

maple leaf

squirrel

umbrella

pumpkin
