

Autumn

Picture Sudoku

Find a place for each fall picture!

6 boards · 48 cut-out tiles · answers

Place pictures without repeats

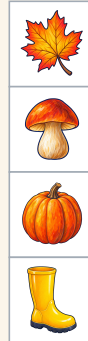

Use a leaf, mushroom, pumpkin, and boot on every board.

Row

Across: four different pictures, one of each.

Column

Down: four different pictures, one of each.

2 x 2 box

In each little box: four different pictures, one of each.

Keep printed pictures in place. Put tiles only in empty cells.

Finished? Check every row, column, and little box.

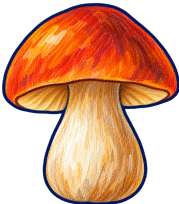

Grown-up setup

1. Print on US Letter paper at 100% / Actual Size; turn off Fit to Page.
2. Play: boards on pages 6-11 and tile sheets on pages 12-14.
3. Tile sets: Puzzles 1-2 on page 12; 3-4 on 13; 5-6 on 14.
4. An adult cuts the tiles along the lines. Keep each set separate.
5. Give your child one board and only its eight matching tiles.
6. Rules: page 2. Example: pages 3-5; show the pages without extra tiles.
7. Keep pages 15-16 for answers and hints. Full example answer: page 16.
8. Use only empty cells. Leave printed pictures uncovered and in place.

Which picture fits?

Look at the first three steps with a grown-up. Check the row, column, and box after each step.

A separate example

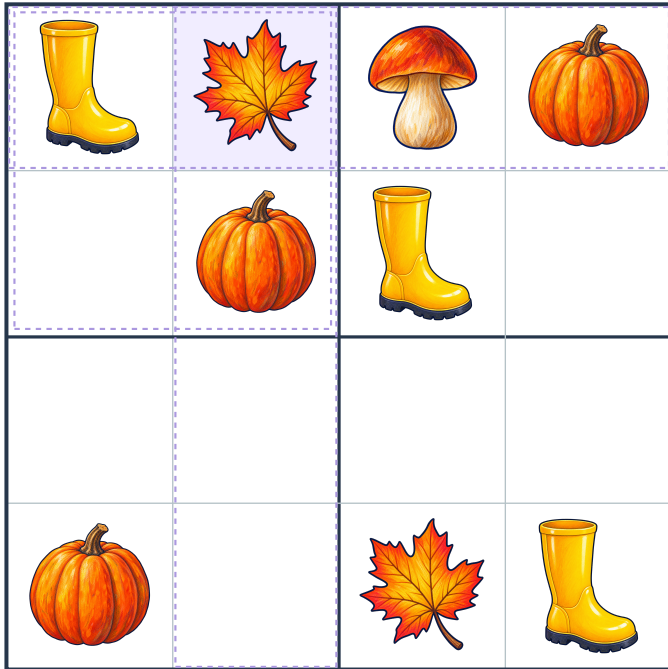

The first three steps are on pages 4-5.

The full example answer is on page 16.

Which picture fits?

1. Place a leaf.

Row 1, cell 2

Pictures that could fit

Row: leaf

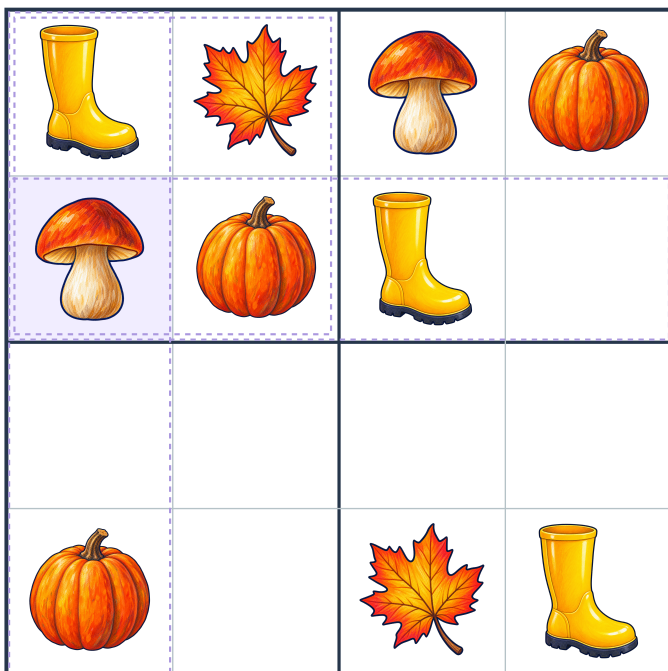

Column: leaf, mushroom, boot

Box: leaf, mushroom

Only the leaf fits all three.

2. Place a mushroom.

Row 2, cell 1

Pictures that could fit

Row: leaf, mushroom

Column: leaf, mushroom

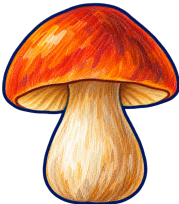

Box: mushroom

Only the mushroom fits all three.

Which picture fits?

3. Place a leaf.

Row 2, cell 4

Pictures that could fit

Row: leaf

Column: leaf, mushroom

Box: leaf

Only the leaf fits all three.

These are the first three steps. Other cells are still empty.

The full example answer is on page 16.
