Halloween I Spy

ADULT GUIDE | COLOR

Before you print

Use US Letter paper. Print at 100% / Actual size.

Color activities: pages 1-4; adult guide: pages 5-6. Low-ink activities: pages 7-10; adult guide: pages 11-12. Choose one version. Both use the same four layouts.

How to play

1. Choose one search page. Each page has 30 pictures and eight types of object.
2. Find one type at a time. Mark each picture as you count, then write the total in its box. An adult can read the labels or write for a younger child.
3. Check the totals against the answer table. Each search adds up to 30. Color and low-ink versions have the same answers.

Play at your child's pace. Ages 3-8 are a guide. Offer help and stop when it is no longer fun.
