100 puzzles + answers + first hints

Four numbers, three places to check

Fill the empty squares with 1, 2, 3, and 4. Keep the printed numbers as they are.

1	2	3	4
---	---	---	---

Each row

Use 1, 2, 3, and 4 once across every row.

1
2
3
4

Each column

Use 1, 2, 3, and 4 once down every column.

1	2
3	4

Each small box

Use 1, 2, 3, and 4 once in every 2x2 box.

Look for a place to begin

Choose an empty square. Check its row, column, and small box. Which numbers are already there? If only one number fits all three, write it in.

If you want a little help

Try another empty square, or look at the first hint beside that puzzle's answer. One checked move is enough to begin again.

Practice puzzles are on pages 4-103. Choose the A4 or US Letter file to match your paper and print at 100% / Actual Size. Keep answers on pages 104-128 on screen if you like.

Let's begin together

The first three moves of Puzzle 1, shown again for help.

Ask what is missing from a row, column, or small box. Compare those choices at one empty square before writing.

Step 1: row 1, column 1

4		1	
3	1		4
	4		
2	3		1

Check the row, column, and box. Only 4 fits here.

Step 2: row 1, column 2

4	2	1	
3	1		4
	4		
2	3		1

Check the row, column, and box. Only 2 fits here.

Step 3: row 1, column 4

4	2	1	3
3	1		4
	4		
2	3		1

Check the row, column, and box. Only 3 fits here.

Missing numbers for Step 1

Row 1

2, 3, 4

Column 1

1, 4

Top-left box

2, 4

Only 4 fits all three places.

Point to the row, column, and box together. Let the player write the number. Try another square when ready.

Rows count from top to bottom; columns count from left to right. First hints use these numbers.

After the game

Choose one of these ideas after finishing a puzzle.

1. Explain a move

Choose a square you filled. Explain why its number fits the row, column, and small box.

2. Check together

Find 1, 2, 3, and 4 in each row. Then check every column and every small box.

3. Swap roles

Explain the rules to an adult and help them begin the next puzzle.

Pick another puzzle when you want to play again.
