

Sea Riddle Bingo

Listen, guess, and dive into the game

 dolphin	 crab	 sea turtle
 seashell	 seahorse	 treasure chest
 octopus	 coral cave	 lighthouse

Which picture is hiding in the riddle?

2 rounds + 8 boards + 9 riddles

2-4 players in each round

How to play Riddle Bingo

1. Choose one round

Give each of 2-4 players one board from Round 1 or Round 2. Do not mix rounds.

3. Listen and find

Draw one card. Read its riddle, then the hint if needed. Say the answer and show the card. Everyone covers that picture. Keep drawn cards aside.

2. Set up the caller

Cut out all nine caller cards. Shuffle them face down. Keep the riddle sheet with the caller.

4. Make a line

Three covered pictures in a row or column make bingo. Diagonals do not count. Cover the center only when its picture is called.

5. Check and play again

Check the line against drawn cards. Players who finish on the same draw share the win. For Round 2, clear boards, switch groups, and shuffle all nine cards again.

The caller may play without peeking ahead and counts among the 2-4 players. An adult may just call the cards.

Give each player nine counters or small paper squares. Do not cut the boards. An adult cuts the caller cards.

Wrong guesses do not skip a turn: show the answer and find it together. Equal winning chances are not promised.

Print 2-4 boards from one round and page 12 on US Letter paper at 100% / Actual Size.

Nine riddles for the caller

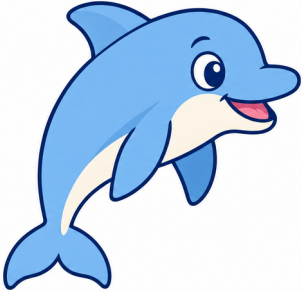

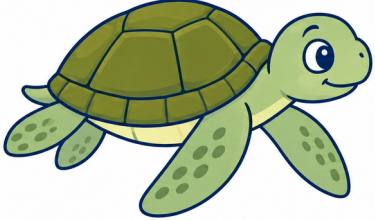

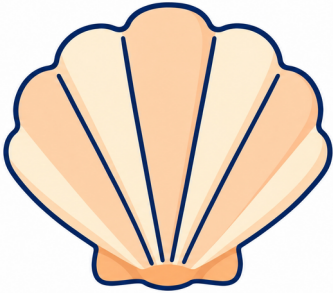

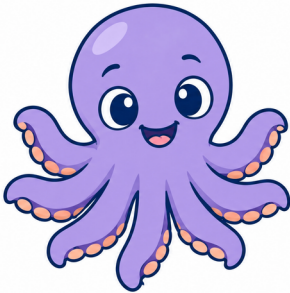

Draw a card and read its riddle. Add the hint if needed. Then say the answer and show the picture.

1. dolphin I have a two-part tail and a triangle-shaped fin on my back. Hint: Look for the blue swimmer with no shell or claws.	2. octopus My round head sits above soft, bending arms covered in little circles. Hint: I'm purple. Those circles are suckers.	3. sea turtle An oval shell covers my back. I swim with wide flippers. Hint: I'm green, with my head peeking out.
4. crab I have a round body, little legs, and two big claws held high. Hint: I'm orange, with eyes above my body.	5. seahorse I have a long snout, a small fin, and a curled tail. Hint: My yellow head looks like a horse's.	6. seashell I look like a fan, with lines spreading toward my wide edge. Hint: I'm pale. You might find me on a beach.
7. coral cave I have a dark entrance, stone walls, and pink branches on each side. Hint: I'm a shelter among corals, with an archway.	8. lighthouse I'm a tall, striped tower with a light at the top and a little door. Hint: I help ships find their way.	9. treasure chest I have an open lid, shiny coins, and wide gold bands. Hint: I'm a wooden box for treasure.

Caller cards

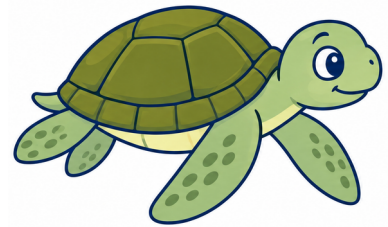

Cut along the dashed lines. Shuffle all nine cards before each round.

dolphin

octopus

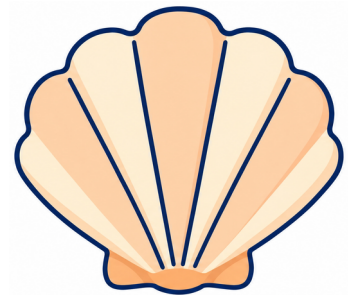

sea turtle

crab

seahorse

seashell

coral cave

lighthouse

treasure chest

Draw one at a time. Keep drawn cards aside. Answers are on the riddle sheet.

After the game: two ideas

1. Sort and explain

Set aside the five animal cards. Find the tower with a light, the box of treasure, the fan-shaped shell, and the shelter among corals. Say which picture details helped you.

Animals: dolphin, octopus, sea turtle, crab, and seahorse. Other pictures: lighthouse, treasure chest, seashell, and coral cave. Sort the pictures shown; the seashell is pictured without an animal inside.

2. Now you're the caller

Choose a picture and describe it without saying its name. Give two clues about visible details. If two pictures fit, add another detail. Swap roles after the guess.

For a seahorse: 'It has a curled tail. Its head looks like a horse's.' Make up your own description; there is no single required riddle.
